AI AGENTS BY BUSINESS FUNCTION

Enterprise AI projects fail when built on fragmented, ungoverned data foundations.

Finance & Accounting: 12 Agents/36 Variants

- ▶ **AstuteAP™ Touchless Invoice Automation:** OCR/IDP extraction with 2-way, 3-way, and 4-way PO matching across PeopleSoft, EBS, and JDE.
- ▶ **Expense Automation Agent:** Scans receipts, matches card lines, and creates auto-GL entries.
- ▶ **AskFinance & AskData Agent:** Natural-language queries for GL balances and audit prompts.

Procurement & Sourcing: 5 Agents/15 Variants

- ▶ **Smart Requisition Agent:** Catalog drafting, spending checks, and requisition creation.
- ▶ **AstuteCLM & Smart Contracts:** GenAI clause extraction, policy compliance, and renewal tracking.
- ▶ **Bid Create & Compare Agent:** Automates sourcing events and ranks vendor proposals side-by-side.

Supply Chain & Inventory: 17 Agents/51 Variants

- ▶ **ATP Availability Checks:** Real-time availability support for order decisions.
- ▶ **Order Fulfillment Automation:** Automates fulfillment-oriented workflow steps.
- ▶ **Stock Reordering:** Supports replenishment actions based on inventory needs.
- ▶ **Demand Planning:** Supports demand-planning workflows and signals.

Manufacturing & Maintenance: 17 Agents/51 Variants

- ▶ **Predictive Equipment Maintenance:** Identifies maintenance needs before disruption.
- ▶ **Plant Outage Work Orders:** Supports work-order workflows for outage events.
- ▶ **Quality Checks:** Automates defined manufacturing quality-check activities.

HCM, Payroll & Talent: 6 Agents/18 Variants

- ▶ **Talent Acquisition Agent:** IDP-driven resume screening, skill matching, and interview scheduling.
- ▶ **Benefits & Absence Assistant:** Self-service PTO requests, benefits Q&A, and payroll tracking.

Campus Solutions: 2 Agents/4 Variants

- ▶ **GURU Student Concierge:** 24/7 front door for course registration, degree planning, financial aid, and support.
- ▶ **AskData for Institutional Research**
- ▶ **AI for Research**

MORE AI AGENTS. ONE GOVERNED ENTERPRISE FOUNDATION.

Complete the portfolio with AI agents for HCM, campus operations, enterprise data, and platform integration, designed to work with your existing Oracle environment.

OCI & AIDP FOUNDATION

UNIFY

Ingest through GoldenGate and Data Integration across apps and multicloud.

STORE

Use Autonomous AI Lakehouse and Delta/Iceberg open formats.

ORGANIZE

Manage catalog, glossaries, and medallion data layers.

ENRICH

Use AI Vector Search, embeddings, and hybrid retrieval.

GOVERN

Apply OCI Vault, IAM, data quality, and compliance controls.

ACTIVATE

Connect REST APIs, MCP, and agent-to-agent flows.

ENTERPRISE-READY BY DESIGN

Built-In Trust

- ▶ Lineage & observability
- ▶ Fine-grained access
- ▶ Audit & compliance
- ▶ Autonomous security

Architecture & Standards

- ▶ OCI 23ai / 26ai
- ▶ APEX Low-Code
- ▶ Model Context Protocol (MCP)
- ▶ Oracle Integration Cloud (OIC)
- ▶ REST APIs for PeopleSoft, EBS, JDE & Banner

Enterprise Data Foundation

- ▶ Databases & OLTP
- ▶ SaaS & applications
- ▶ Files & documents
- ▶ Streams & events
- ▶ Logs & telemetry
- ▶ Third-party data

WHAT WINNING LOOKS LIKE WITH ASTUTE & OCI AIDP

01

Better AI Outcomes

Grounded responses

02

Faster Time to Value

Pre-built accelerators

03

Enterprise Trust

Governed and auditable

04

Operational Impact

Agents embedded in workflows

05

Sustainable Advantage

A data foundation that scales

MODELS CAN BE RENTED.

INTELLIGENCE MUST BE EARNED.

- Own your data platform.
- Turn data into trusted context.
- Partner with Astute to accelerate ROI.
